

Dear Hiring Manager,

I am a recent 2020 batch passout of the Computer Engineering branch . I am currently working in Airbus as an Associate Software Engineer . I have also done an internship in Tarana Wireless as a System Software Engineer Intern .

I am a person with a multi-dimensional skillset .I am also an active participant of online coding competitions . I have a good grasp of core computer science concepts which help me in learning and understanding new tools and technology faster.

I have refined my strengths through learning and working in database technology, programming, operating systems. The following is a snapshot of my broader technical skills:

- Agile Development Practices
- Database Programming
- Scripting - Python , Bash
- CI/CD Tools -Git , JIRA , Version One
- C++ , C , Java , Javascript
- Systems Programming (Linux)

Apart from working in Airbus I also do my side projects which help me in growing in this field .

Thank you for considering my candidacy for this position. I hope to hear from you soon to schedule an interview.

Sincerely,

Sumit Joshi
